

KSIS: Judges' Tariff Review 2023

Judges:

Tariff submission deadline is 10 days from the start of the meet. (If a meet starts on Saturday, tariffs are due 10 days before on Wednesday before midnight.)

The MR, CJP and DJ will access the Tariff Portal via a link provided by the Meet Director.

Once you are in KSIS, you can group by club or category:

Once you find the category you are reviewing:

Click on . The tariff will open. You can review on screen or print. The number under the "Review" column signifies the version of the tariff uploaded. You can review each one by clicking on the number. If there is a 1 in the box, you can click on the "1" or to review. If there is more than one number, clicking or will show only the last tariff uploaded. To view previous versions, you will have to click on the number of the version you want to view.

Once reviewed, each judge will enter their comments in the note box. Start with your initials followed by the date, and any notes. If the tariff is good to go, your note should be "OK". You will then hit Save.

If the tariff has comments, it will highlight the box around the tariff version in ORANGE showing that the tariff has been reviewed.

The notes will be checked regularly for any that are orange and if there are two judges who have reviewed and given an “OK”, the Meet Referee will clear the notes and save which will then indicate that the tariff is good to go and the number will turn green.

If the tariff notes show a need for a correction, the Meet Referee, will email the coach with instructions to reupload a corrected version and when a new version is uploaded, a new number will show. The new tariff will need to be reviewed by the DJ and CJP so check your tariffs periodically for additional review.
